

Developed to protect against direct contact with tubular heaters including the ECOHEATER Tube Heater range, these robust steel guards also provide ideal protection against other hot surfaces such as floor level lighting and heated pipes.

- **PRESSED STEEL GUARD** - for robust protection against direct contact with tube heaters or other hot surfaces.
- **RECOMMENDED FOR USE WITH SLIMLINE HEATERS** - where children, animals, the aged or materials may come into contact with the heater surface
- **MANUFACTURED IN HIGH GRADE PRESSED STEEL** - with white enamel coating
- **PRE-DRILLED FIXING HOLES** - for easy installation
- **AVAILABLE IN 6 SIZES** - from 1ft to 6ft
