

ecoheater™ SLIMLINE HEATER GUARD

Developed to protect against direct contact with slimline tubular heaters including the ECOHEATER Slimline Heater range, these robust steel guards have a built-in access hole to allow adjustment of the Slimline Heater thermostat without removing the guard.

The guards also provide ideal protection against other hot surfaces such as floor level lighting and heated pipes.

- **HIGH GRADE PRESSED STEEL GUARD** - for robust protection against direct contact with tube heaters or other hot surfaces.
- **RECOMMENDED FOR USE WITH SLIMLINE HEATERS** - where children, animals, the aged or materials may come into contact with the heater surface
- **BUILT-IN ACCESS HOLE** - for adjusting Slimline Heater thermostat without removing the guard
- **PRE-DRILLED FIXING HOLES** - for easy installation
- **AVAILABLE IN 4 SIZES** - from 350mm to 1050mm
